Frequently Asked Questions

What is the difference between Medicare Advantage, Part D and Original Medicare?	<p>Original Medicare (Part A) is hospital coverage that helps cover the costs for inpatient hospital care and skilled nursing facilities (not custodial or long-term care), as well as hospice and home health care.</p> <p>Original Medicare (Part B) covers the costs of doctors’ services, other outpatient care, as well as tests and laboratory services.</p> <p>Medicare Advantage (Part C) plans offer all the services covered by original Medicare, in addition to some supplemental benefits not covered by Medicare.</p> <p>Medicare Drug Coverage (Part D) is offered as a separate purchased plan for individuals with Original Medicare. Part D coverage also may be offered with a Medicare Advantage plan for comprehensive coverage. New Hanover Health Advantage (MAPD) plans include Parts A and B coverage, plus Part D prescription drug benefits, in addition to some supplemental benefits.</p>
Are there any restrictions on what providers I may use?	With a New Hanover Health point of service (POS) plan, you have the freedom to choose any PCP, in-network or out-of-network, for no additional copay. You’ll typically pay more for some out-of-network services than for in-network services.
I already pay for Medicare — why do I have to pay for a Medicare Advantage plan?	Under original Medicare alone, services are not 100% covered and may require significant out-of-pocket costs. Many people enjoy the security of having a plan that limits their total annual out-of-pocket costs in case they should have a significant medical event. Our members also like the fact that New Hanover Health Advantage includes a prescription drug benefit.
How do I find out more about New Hanover Health Advantage?	If you are considering enrolling, and have questions about benefits, Providers or Pharmacies or need help with the enrollment process, we have knowledgeable licensed sales representatives who can get you the answers and help you need. Call 910-667-NHHA(6442) to speak with a local licensed agent, or call FirstCarolinaCare. Hearing impaired persons can call TTY 711.

Eligibility

To join any of our Medicare Advantage plans, you must be entitled to Medicare Part A, enrolled in Medicare Part B and live in our service area.

Our service area includes these counties in North Carolina: **Brunswick, New Hanover and Pender.**

Doctors, Hospitals and Pharmacies

Our plans have a large network of doctors, hospitals, pharmacies, and other providers to choose from.

With our POS plans, we recommend having a PCP in network to oversee your care. You generally pay less to stay in-network.

You must use network pharmacies to fill your prescriptions in most cases.

You can see our provider directory and pharmacy directory at our website (www.FirstCarolinaCare.com/NHHA). You can call us, and we will send you a copy.

What We Cover

Like all Medicare Advantage plans, we cover everything Original Medicare covers, but we also cover more.

For some benefits, you may pay less in our plan than you would in Original Medicare, and for some, you may pay more. This booklet outlines many of our extra benefits and perks that Original Medicare doesn't cover.

We cover the prescriptions drugs listed in our formulary at www.FirstCarolinaCare.com/NHHA. You can read it online or call us for a copy.

Determining Drug Costs

Each of the drugs we cover is grouped into one of five tiers. The amount you pay depends on the drug's tier and what stage of the benefit you've reached (Initial Coverage, Coverage Gap or Catastrophic Coverage). You can find out what tier your drug is on in our formulary at www.FirstCarolinaCare.com/NHHA, and we discuss the benefit stages later in this booklet.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, call 910-667-NHHA(6442) to speak with a local, licensed agent, or 1-888-384-4842 to speak with a FirstCarolinaCare representative. Hearing impaired persons can call TTY 711.

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Visit www.FirstCarolinaCare.com/NHHA or call 888-384-4842 to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2024.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. In addition, you may pay a higher co-pay for services received by non-contracted providers.

Coverage Gap			
<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,660.</p> <p>After you enter the coverage gap, for Tier 1, you continue to pay your copay; for Tiers 2-5 you pay 25% of the plan’s cost for covered brand name drugs and 25% of the plan’s cost for covered generic drugs until your costs total \$7,400, which is the end of the coverage gap.</p> <p>Not everyone will enter the coverage gap.</p>			
Catastrophic Coverage			
<p>After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$7,400, you pay the greater of: 5% of the cost, or \$4.15 copay for generic (including brand drugs treated as generic) and a \$10.35 copayment for all other drugs.</p>

Scope of Sales Appointment Confirmation Form

Stand-Alone Medicare Prescription Drug Plans (Part D)
Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to the Original Medicare plan, some Medicare cost plans, some Medicare private-fee-for-service plans and Medicare medical savings account plans.
Medicare Advantage Plans (Part C) and Cost Plans
Medicare Health Maintenance Organization (HMO) — A Medicare Advantage plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan’s network (except in emergencies).
Medicare Point of Service (POS) Plan — A Medicare Advantage plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. Like an HMO, you get care from an in-network primary care provider (PCP), but like a PPO, you can go out-of-network. You will generally pay less for in-network care.
Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals, but you can also use out-of-network providers, usually at a higher cost.
Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan’s payment, terms and conditions and agrees to treat you—not all providers will. If you join a PFFS plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.
Medicare Special Needs Plan (SNP) — A Medicare Advantage plan that has a benefit package designed for people with special healthcare needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes and people who have certain chronic medical conditions.
Medicare Medical Savings Account (MSA) Plan — MSA plans combine a high-deductible health plan with a bank account. The plan deposits money from Medicare in the account. You can use it to pay your medical expenses until your deductible is met.
Medicare Cost Plan — In a Medicare cost plan, you can go to providers both in- and out-of-network. If you get services outside of the plan’s network, your Medicare-covered services will be paid for under Original Medicare, but you will be responsible for Medicare coinsurance and deductibles.
Medicare Supplement Plans
Medicare Supplement plans are offered by private companies to help cover medical expenses Original Medicare doesn’t cover. You must have Original Medicare to purchase a Medicare Supplement plan. With a Medicare Supplement plan, you can see any doctor and go to any hospital that accepts Medicare patients, but these plans don’t include prescription drug coverage.

We do not offer every plan available in your area. Any information we provide is limited to those plans we do offer in your area. Please contact Medicare.gov or 1–800–MEDICARE to get information on all of your options.
